I am a thousand winds that blow, I am the diamond glints on snow, I am the sunlight on ripened grain, I am the gentle autumn's rain. When you awaken in the morning's hush, I am the weight uplifting rush, Of quiet birds in circled flight, I am the soft stars that shine at night. Do not stand at my grave and forever cry - I am not here, I did not die" | OxPar19     | 1165     |
